

We are the industry leaders for training boat owners. The company was founded by Neil Driscoll in 2011 to deliver training courses and services specifically to boat owners.

Neil and the team deliver consistent results and are widely regarded the industry leaders for all boat owners training services.

The strategies you learn with us are structured, effective and perfect for anyone who wants to take their skills to a new level, develop the skills of their family and crew, and refine their understanding of their boat's systems.

We specialise in providing blended learning for boat owners, and aspiring boat owners, with our personalised online and on-water training. Contact us to create a pathway to achieve your boating dreams.

"Neil runs a fantastic training for cruisers and racers alike. His passion for safety at sea is evident and he espouses knowledge and shares his vast experience making the training relevant and experiential where possible. I would definitely recommend Neil and Above and Beyond Boating to all yachties"
